Reference:- The ~~printing~~ preparation of the lists of Muzrai Institutions in the State.

1. In Government Order No. 2067-77/M. F. 652-12-1 dated 16th May 1913, the Muzrai Superintendent was directed to compile and exhaustive and up to date list of Muzrai Institutions.

2. Extracts of quit rent and cash grant - - registers pertaining to the Muzrai Institutions in the Taluks were sent to the Amildars with circular instructions and they were requested to verify the entries and furnish supplementary - statements giving information regarding land and cash endowments enjoyed by the several institutions, their estimated income from all sources, the expenditure incurred therein, and other - - particulars.

3. The cooperation of the Deputy Commissioners of Districts were also invited and they were requested to issue the necessary instructions for accuracy and despatch in the work.

4. After repeated reminders the statements - have now been received from 55 Taluks and Sub-Taluks out of which the statements from 8 Taluks are still preliminary and subject to verification. Replies have not yet been received from the remaining 21 Taluks and Sub Taluks and reminders are being sent.

NOTE—Contn. sheet.

G P B—50,000—7 11 13

G R S. 1

3

General and Revenue Secretariat. | File No. of 191 .

Serial No.

5. The Taluk statements are mostly in Kannada and have to be rendered into English if they - are largely to be used. In doing so it would be an advantage to compile a single register which will give all the important information - about an institution at one place. The subjoin -ed form appears to be suitable and may be approved.

NOTE—Contn. sheet.

GPB—50,000—7 21-13

G. R. S. 12]

General and Revenue Secretariat. | File No. of 191 .

Serial No.

6. The above information has, however, to be collected from three registers, viz., the cash grant register, the quit rent register and other the subsidiary statements now received from the Taluks. The compilation of such a register in English, its verification, and preparation of fair copies for submission to Government would involve an immense amount of clerical labour which cannot be undertaken by the permanent establishment of the Muzrai Superintendent which is already heavily worked.

7. If these registers are to be printed, there will be further work in seeing them through the press. In either case the entertainment of a temporary establishment for the purpose is absolutely necessary.

8. It is computed that the total number of institutions will come up to about 24,000 and that it will take about 3 months for three clerks working regularly to compile the register and get ready fair copies for submission to Government or for the Press. If the registers are to be printed immediately their retention for a further period of about 4 months may be necessary.

On further consideration I am led to think that the estimate of time is much too low. I have consequently revised it in the second estimate [illegible]

9. The establishment required is exhibited below:-

1	Clerk	on Rs. 30/-	a month.
2	Clerks	" 25/-	a month.
1	Mutchi	" 10/-	a month.
		Rs. 90/-	a month

10. In case the registers are to be printed, it does not appear to be possible to get the work sufficiently rapidly through the Government - Press. In view of the reorganization of these institutions that is to be taken on hand shortly, it will be an advantage if these registers are available in print as early as possible and it is a matter for consideration whether the - work cannot be done at private Presses. Accurate information has been called for as regards the cost of such an undertaking but for purposes of arriving at a decision on this - - question, the following rough estimate is noted;

Printing Cost.

100 copies of Talukwar lists of Muzrai institutions estimated to contain 10,000 pages, i. e., 5 institutions per facing of - 2 pages. — Rs. 15,000/- at Rs. 1-8-0 per page.

Cost of Paper.

521 Reams at Rs. 8/- .....Rs. 4,168/-

Total Rs. 19,168/-

(Please see an estimate furnished by - Mr. Yates and the Proprietor of the Irish Press)

11. The Cost may be cut down nearly by half if details about the survey Numbers granted as - Inams to the institutions are not given, in -

NOTE—Contn. sheet.

G P R—40 000—7 I' 13

Serial No.

which case each facing may contain 10 institutions. The details of Survey numbers will, however be an advantage as owing to territorial changes in Taluks and the Survey and Settlement the information contained in the old Quit Rent Registers has been very largely modified.

16. If the cost of printing is to be so large as estimated, I think there is no adequate use in printing these lists. They may all be prepared in the new form on substantial papers in ~~two~~ MS, and one copy kept in the Taluk & one in D.C.'s office & one in the Head Quarter (Mwz) Office. The alterations made from time & time may be entered in all the three copies.

After these registers are all finished, we may if necessary print particulars about the (few of the) more important institutions. As etc—

Note of estt & Cost may be made for this on this basis — 15/6/14

Subd W.R. Memo

If the new registers are not to be printed, I would strongly recommend that the Talukwar register of institutions which are still in manuscript should at least be printed to complete the series we now have. These are compilations from Inam Quit rent registers and refer to Devadaya and Dharmadaya land Inams. Registers for 53 Taluks including Sub Taluks have already been printed, and manuscripts are ready for the remaining 15 Taluks. The printing may be undertaken by the Government Press but if this cannot be done for any reason, the subjoined estimate is submitted for printing them in private press. The estimate is only approximate. The quit rent registers for these 15 Taluks contain the names of 4859 institutions, roughly 5000 institutions. Allowing an average of 4 institutions for a

NOTE—Contn. sheet.

GPB—60,000—7-11-13

facing of 2 pages, there will be 1250 facings or openings of 2 pages each or 2500 pages. 50 copies of each book will make 1,25,000 pages or 31,250 sheets or 65 Reams.

To print 50 copies of 2500 pages
at Rs.1-8-0 per page. - - Rs.3750/-

Paper - 65 Reams at Rs.5/-
per Ream. - - - - Rs. 325/-

Stitching 15 x 50 = 750 books
pasting etc. and unforseen
charges, all told. - - - Rs. 425/-

Total Rs.4500/-.

==========

20. If the new registers are to be ready in a reasonable time and prepared uniformly, the work has necessarily to be undertaken by the Muzrai Superintendent. The work is a laborious one and before the draft entries are finally passed, they must again be carefully verified by local enquiries on the spot by the Muzrai Superintendent or the Chief Ministerial Officer under whose supervision the work is to be done.

At the lowest estimate, the time necessary

NOTE—Contn. sheet.

Subd. 67 Nr. member

The original figure Rs 1700 was intended for the preparation of the registers for all institutions. It is now proposed to employ attention in eight institutions with an income of and above Rs 100 per annum. This alteration in the original proposal was adopted at the discussion of the Devan.

A lump sum is provided as I am not at present sure that I shall be able to get the right class of men for the work in sufficient number. If I am not able to secure the whole staff contemplated, I will have a smaller number for a longer period.

to these two points and it is therein proposed to ~~debite Rs 10,000~~ meet this Extra Exp^{r} from the Grant of 10,000 for the Construction and Repair of Nursai Institutions.

A

To this order there is no financial objn. It is however considered that this Grant for construction & repairs is too small even for its ordinary requirements and that it should be increased by Rs 850 or some such amount to come as an addl grant from Govt and may be now charged to the funds of some temple to be recouped next year from a provision to be made in the Budget.

This procedure in effect amounts to Expr being actually incurred in the current year but shown in the Budget and Accts of next year and is not quite correct from the financial point of view. It would be better if the amount required is found by reappropriation from some other departmental budget of the current year

hg 4-12-14

Reserv)

6.4.6

The arrangement at A may be approved now. If the grant for Construction & Repairs require recoupment later on funds may be transferred from other sources e.g. from the provision of Rs 23,000 for pension of the Judicial Establt which may not be fully required

Proceedings of the Government of His Highness the Maharaja of Mysore.

Compd
No 20 1861-14-357
978-14-28-10-14
Read.--

Government Order No.2067-77/Muz.F. 652-12-1 dated the 16th May 1913 directing among other things the compilation of an exhaustive and up-to-date list of Muzrai Institutions.

Memoranda dated the 25th March and 30th June 1914 from the Muzrai Superintendent in Mysore submitting proposals for the preparation and printing of the lists in question.

Order thereon: 814-6 Dy 22.10.1914
Mus 148-14-1

In the memoranda read above two alternative proposals are submitted by the Muzrai Superintendent, viz., (1) Preparation and printing of new lists of institutions giving full information on various matters of interest relating to them.

(2) Completion of the existing series of Muzrai quit-rent registers and preparation and maintenance in manuscript of the more elaborate lists. The cost of these proposals are estimated respectively at Rs.19,168/- and Rs.6,200/-.

2. In their Order No.702-10 dated the 17th December 1897, Government directed the compilation of and printing of quit-rent

registers of Muzrai Institutions. Registers for 53 Taluks including Sub Taluks have already been printed and it is reported that similar registers for the remaining 15 Taluks are ready in manuscript. The Government are pleased to consider that it is essential to complete the series and accordingly authorse the Muzrai Superintendent to have the remaining registers printed in the Government Press in consultation with the Superintendent of Government Press. In case the Government Press is unable, owing to heavy work, to undertake the printing of these registers within reasonable time, the Muzrai Superintendent is requested to submit proposals for getting them printed privately.

3. As regards the preparation of the more elaborate lists of Muzrai Institutions proposed by the Muzrai Superintendent Government consider it unnecessary to have such information compiled in the case of insignificant institutions. The lists may be confined to institutions having an annual income of Rs.100 and above. The form suggested by the Muzrai Superintendent is approved.

4. For this purpose a lump sum provision of Rs.850/- is sanctioned towards the cost of establishment, etc., and the Muzrai Superintendent is requested to submit detailed proposals for the utilization of this amount and indicate the source from which this can be met.
